

The Drugs for Neglected Diseases *initiative* at the 22nd International AIDS Conference

23 -27 July 2018, RAI Amsterdam
Visit us at booth #215!

MONDAY, 23 JULY

**> SIDE EVENT - 10TH WORKSHOP ON HIV PAEDIATRICS:
Diagnose, treat, innovate: A paradigm shift for ending
paediatric AIDS**

Co-organized with: African Society for Laboratory Medicine (ASLM); Clinton Health Access Initiative (CHAI); Elizabeth Glaser Pediatric AIDS Foundation (EGPAF); United Nations Children's Fund (UNICEF); Unitaid

Diagnose, Treat, Innovate will highlight scale-ready, game-changing innovations for HIV diagnosis, treatment and monitoring, and discuss evidence, opportunities and barriers to scale-up and access. Speakers from across the paediatric continuum of care and multiple regions will share their knowledge and experiences of ensuring access to child-friendly innovations, and talk about new paediatric formulations in late-stage development.

🕒 12:30 - 14:30

📍 Hall 11B
