

INTERNATIONAL WORKSHOP ON

HIV PEDIATRICS 2020

SAN FRANCISCO, CA, USA • 16-17 NOVEMBER

WHY SHOULD YOU ATTEND?

The **International Workshop on HIV Pediatrics 2020** is the only workshop that focuses on HIV Pediatrics on an international level. The 2-day program includes oral abstract and poster presentations, state-of-the-art lectures from invited speakers and more informal and interactive fora including debates and panel discussions. The interactive setting provides a platform for presentations and discussions of the latest developments in the field, encourages young investigators to engage in the field of pediatric/perinatal HIV research, and stimulates new research activities and collaborations. This edition will be **hybrid**, allowing virtual participation for those unable to travel. We hope that by diversifying the structure, we will be able to welcome more participants.

LOCAL CHAIRS

Ann Petru, MD
UCSF Benioff Children's
Hospital Oakland, California,
USA

Theodore Ruel, MD
UCSF Benioff Children's
Hospital San Francisco,
USA

ORGANIZING COMMITTEE

Elaine Abrams, MD
ICAP Mailman School of
Public Health, Columbia
University, USA

**Charles Boucher
MD, PhD**
Erasmus Medical Center,
The Netherlands

**Edmund Capparelli,
PharmD**
University of California
San Diego (UCSD), USA

**Mark Cotton,
MD, PhD**
Stellenbosch University,
South Africa

**Patricia Flynn,
MD, PhD**
St. Jude Children's
Research Hospital, USA

**Carlo Giaquinto,
MD**
University of Padova,
Italy

**Lynne Mofenson,
MD**
Elizabeth Glaser Pediatric
AIDS Foundation, USA

**Thanyawee Puthanakit,
MD**
Chulalongkorn University,
Thailand

**Nadia A. Sam-Agudu,
MD, CTropMed**
Institute of Human Virology,
USA/Nigeria
